To Whom It may Concern:

My stay at Cullman Rehab Facility has been a good experience. The Staff + personal have been so nice. I have enjoyed it, all except the pain. It is much better & I am real proud I came here.

The food is wonderful and I would not change a thing.

Maybe I can come back to see you all.

The therapy was very good and everyone was very concerned + caring.

I would gladly recommend you to anyone needing your service.

Sincerely,

Arab, Alabama
