Dear Joyce:

After much thought and prayer I am planning on moving Mother to an assisted living facility on Tuesday, March 30<sup>th</sup>. I very much appreciate the care she has been given here and the kindness that has been shown to our family during her stay.

Mother's desire is to live independently, so of course, I want to grant her that request if at all possible for as long as possible.

Again, thank you and your staff and the wonderful therapy team for making this possible for her.

Sincerely,

*Cullman Long Term Care & Rehab Center, Cullman, AL*
