Staff At Decatur Health & Rehab,

Thank you for the beautiful floral you sent to the funeral for _____ and the lovely Peace Lily plant sent to me later.

In early April 2011 when _____ was in the Hospital and I learned that she would go somewhere for Rehab my first choice was your facility. I was pleased when she was transferred to your facility and have never regretted it. Thank you very much for the Great Care you provided _____ in the almost one and one half years that she was a resident there. May God Bless you All for your dedication to the care of the residence there.

Thanks again,

Decatur Health & Rehab Center, Decatur, AL
