

Dear Falkville Health
Care Center,

Words cannot express
how thankful we are that
you were a part of
life. Your
constant care of her every
need and your understanding
of her as an individual

meant so much to us all. Also,
thank you for your treatment
of our family during
last days. You offered such
compassion and hospitality.

God truly sent you our
way (also, thank you for
the beautiful plants we love it!)
Love,

The Family
