

Dear Nurses + Staff,

Our family wants to thank all of you for the special care you gave our dear father + husband, _____, while he was at Woodland Village. We know you did your best in trying to help him be as comfortable as possible -

Your compassion, patience, thoughtfulness and cheerful disposition meant so much to us and him. We feel all of you are very dedicated in your work. We pray you will continue to do the same for other families who need help with their loved ones.

God bless you.

Sincerely,
+ family

Woodland Village Healthcare Center, Cullman, AL
